

30 Inch Grill

30" SOLAIRE GRILL

- Two main burners at 55,000 BTU/hr.
- 703 sq. in. total grilling area (455" [EGA](#))
- AGBQ models include 14,000 BTU/hr rear infrared burner, rotisserie motor, spit, forks and counter-weight.
- Available standard with all infrared or one infrared and one convection main burner. Burner conversion kits are available to easily convert from one to another burner at a later time.

With the speed of infrared our 30" grill will prepare meals that would normally require a much larger unit.
